Alberta Central Railway Asks Permission To Extend

TRAGIC DEATH OF POPULAR YOUNG LADY

Miss Babe Hogg, head milliner for
Mrs. Jarvis, met with a horribly
sudden and tragic death Sunday
evening last as she stepped from the
door of the Presbyterian church after
service.

She was coming out of the church,
and had reached the sidewalk, when
she was spoken to by a friend, and
as she turned to speak, she fell or
slipped, and struck her head on the
edge of the concrete walk, breaking
her neck, death ensuing instantly.
Dr. Collison, who was called, con-
cluded on investigation that the
young lady must have taken an
eccentric fit and, becoming rigid,
fell, with the awful result stated
above.

Deceased was a bright, winsome
young lady, and had a host of
friends in Red Deer who were shock-
ed at her sudden death. She was
twenty-two years old, was born at
Tara, Ont., and the body was pre-
pared by H. G. Stove & Sons for
shipping to her old home in Ontario
for burial, yesterday noon. Her
parents reside at Cayley, Alberta.

Alberta Lord's Day Alliance Annual Meeting

The Provincial annual meeting of
the Alberta Lord's Day Alliance was
held in the Methodist Church, Red
Deer, Thursday p.m. last, with
D. G. McQueen, D. L., of Edmonton,
presiding. A summary of the past
year's work was given by the Field
Secretary, Rev. C. H. Hues, of
Calgary. His report showed that
\$3000 had been raised by contribu-
tions throughout the Province.
Officers for the coming year are:

Honorary Pres.—Hon. Lieut. Gov.
G. V. Bulyea, Edmonton.
President—Rev. D. G. McQueen, D.
D., Edmonton.
Hon. Vice Pres.—Hon. A. G. Ruth-
erford, Edmonton.
Vice Presidents—Rev. Cyprion
Pinkham, Calgary; Rev. F. W. Pat-
erson, Calgary; E. Michener, M. P.
P., Red Deer; Rev. S. E. Marshall,
Calgary; J. D. Higginbotham, Leth-
bridge.
Field Secretary—Rev. C. H. Hues,
Red Deer.
Secretary—Rev. W. Hollingsworth,
Calgary.
Treasurer—L. J. Porter, Red Deer.

Red Deer Children Found in Edmonton

Considerable excitement was caused
Friday when late in the afternoon
it was found that the two young
daughters of James Shannon, a C.P.
R. locomotive engineer, had been
lost.

The children, who were both under
eight years of age, left their home
in West Park, about ten a.m., tell-
ing their mother they were going to
the Old Country. She, thinking they
were only playing, paid no heed till
noon when their non-arrival startled
her.

Both parents were frantic, and
with the aid of the police a thorough
search was made of the town, but
with no success. Conductors on all
trains out of here were wired, but it
was not until late at night that
word was received that they had
arrived in Edmonton on the three
thirty o'clock train and were in the
children's home. Mr. Shannon left
at once to bring back his young
travelers who will be watched in
future.

Poplar Ridge

Levi Atkins has sold his farm to
W. R. Atkins.
Mr. Gray had the misfortune to
run a nail into his foot while help-
ing Mr. O'Driscoll on his building.
Henry Hart, Tom Hazlett, and
Chas. Fleming, Ed. Bowen, L. Aus-
tin and sons are all busy with their
threshing machines, and with about
another week of good weather will
be through. The crop is very good.
Mrs. E. Bone and family have re-
turned from Mexico and are residing
in Calgary.

Rev. Bennett preached on Sunday
to a small number. Why not all
in and have a full house every
Sunday afternoon.
"Hello." People are getting
anxious about these phones. What's
the matter, government? Hare
them up a little, the wires have been
up about two months.

Notice appears in the Canada
Gazette that the Alberta Central
railway will apply to parliament for
a bill authorizing the extension of
its lines, for which charters are al-
ready held, and to authorize the
construction of a large number of
branch lines, including the follow-
ing:

From westerly terminus near
Rocky Mountain House to a point
in, or near, the Yellowhead Pass.
From the easterly terminus near
the shore of Lake Louise to a
point at or near Saskatoon or War-
man and from a point on the main
line east of Red Deer to a point at
or near Moose Jaw.

The extension from Saskatoon to
a point at or near Port Churchill,
with a branch from some point on
such extension at or near the Pass to
a point at or near Port Nelson.
Extension from Moose Jaw to a
point on the international boundary
in Township 12, range 14, west second
meridian. From a point between El-
Deer and Cynnet Lake to a point
at or near Blackfalds, thence to
Lacombe.

Three branch lines, 30 miles each,
from an authorized line in Big
Horn range between North Saskat-
chewan and Brazeau rivers; two
branches, 25 miles each, through
ranges 20, 21 and 22, townships 43,
44, 45 and 46, west of the fifth
meridian, and north-easterly to the
north end of the Horn range along
Brazeau river, thence to Pembina
river, authorized by chapter thirty
of the statutes of 1911, and author-
izing an increase of its bonding
powers and for other purposes.

BURNT LAKE GRADE.
The grade across Burnt Lake, on
the line of the Alberta Central Rail-
way was completed yesterday. The
drainage ditch, which is calculated to
drain the lake dry, was completed on
the 7th of November. The work of
draining Burnt Lake began in the
spring of 1911, and when the dredge,
which was employed to excavate
the channel, suspended operations last
winter about 2000 feet of the ditch
remained unfinished. On account of
the unusually wet weather, the great-
est part of the unfinished portion of
the ditch was beneath water level
until August of this year, when the
contractor put on a large force of
men to do the work by hand, which
delayed the progress of the work of
draining the lake very materially.
The ditch is now carried into deep
water and it is estimated that the
area of land drained will be approxi-
mately 6000 acres. On account of the
work of draining the lake not being
done sufficiently far in advance of
the grade, most of the material had
to be hauled in from both ends, and
as many as 75 teams were employed
on this work for the past three
months and the extreme length of
hail covered by this work was over
a mile. The farmers on the west
side of the lake are rejoicing at the
prospect of having a winter road
across the lake, which will reduce
the distance to Red Deer by about
5 miles, and are thinking of pre-
sents a petition to the Govern-
ment to authorize the construction
of a roadway alongside the grade.
The grade from Red Deer to Rocky
Mountain House is reported to be
now in excellent shape for track-
ing, having should material be to hand
this year.

Playing To The Gallery

Mr. Editor,
Dear Sir,—In reading the Advocate
of November 1st, I was surprised to
read in large headlines, "Land Office
Officials Get the Axe." To read
the article one would think some
very great crime had been commit-
ted. Mr. Galbraith conveniently for-
gets when he talks about civil ser-
vice reform that his party had
fifteen years to reform it but did
simply nothing, and now he is
sneaking because some of his friends
get dismissed from their berths, and
casts insinuations against the Con-
servative Executive and talks about
the degrading policy, etc. How does
Mr. Galbraith know that these men
were efficient, or how does he know
but what they were dismissed for
some other reason? The fact is, Mr.
Galbraith writes upon this opportu-
nity to play to the gallery. I do not
believe he is sincere—he is an oppor-
tunist—and takes this chance of
knifing the Conservatives of Red
Deer. Probably if Mr. Galbraith will
look further than his nose, he will
find out why the dismissals took
place. Perhaps he would rather not
know.

Yours truly,
DON'T SQUEAL.

few left.—M. Jarvis.

MIXED FARMING SPECIAL TRAIN IN RED DEER

The mixed farming special train
arrived on Red Deer on Saturday
night last from Didsbury, laying in
the C.P.R. yard till 12:40 on Mon-
day. The train consisted of nine
cars, including sleeper and two first
class cars for lectures, etc. Mr. C.
Lewis, Superintendent of Fairs
and Institutes for Alberta, was in
charge of the whole concern, being
aided by Bryce Wright, of
Winton, Alta., A. Carlisle,
of Chesterfield, Ont., and Professor
Chabot, of the C.P.R. Live Stock
Department.

There was a fairly large muster of
farmers from the outlying districts,
out no doubt there would have been
a much larger attendance if the
train had remained here during the
afternoon. The cars were open for
inspection at 9 a.m., and visitors at
once began to take advantage of
looking through the cars. The
poultry car was well fitted up, hav-
ing some splendid breeds of poultry
in White and Barred Rocks, Buff
Orpingtons, White Gamefowls, and
Rhode Island Reds. There was also
a good selection of model poultry
houses and trap nests. A neat kill-
ing arrangement was also on view
whereby a fowl could be killed and
dressed for the table without cruelty
to the fowl or inconvenience to the
operator. Another device was shown
how to prevent a fowl from feather
plucking. It is a simple piece of
wire passed over the head, which,
though not preventing the fowl from
eating or drinking, prevents the mouth
from being tight enough to hold feath-
ers. Another feature was a trap
nest test. Twelve pullets were placed
in a pen for one month. At the
end of the month they had laid
the hundred and forty-five eggs, six
of which were fresh. The pen had
had one hundred and fourteen
and the other six, thirty-one. That
alone speaks for the value of the
pen. Mr. C. P. Markley, head of the
Department of Agriculture, was in charge
of this car, assisted by Mr. Scott.

The dairy cow, in charge of Com-
missioner C. P. Markley, had a but-
ter test in operation with other
devices useful to the farmers, and
buttermakers, in particular. Mr.
Pearson of Red Deer, gave lectures
on butter and cheese making. The
walls of this car were well decorated
with specimens of seeds and weeds
in all stages of growth. Mr. Mc-
Kenney gave talks.

The live stock cars were well fitted
up for the animals, and a good num-
ber of cattle of show quality were on
hand. These animals were removed
to the barn of Melville Card for the
stay in Red Deer, and during the
morning were brought out into the
street and the different lectures gave
the collected audiences lots of
good pointers and advice. Mr. Gal-
braith of the Red Deer, one of the
most noted breeders and judges of
Percheron horses in America, was the
lecturer on the Percheron horse. He
gave a very fine lecture in the eve-
ning afterwards going outside and show-
ing the points of the horse in ques-
tion.

The Clydes were in charge of Bryce
Wright, who was at home on the
subject and was very interesting.
S. G. Carlisle lectured on dairy
cattle, showing good specimens of
Ayrshires and Holsteins.

The beef cattle were in the charge
of Prof. Elliott, shown and lectured
on by Bryce Wright.
The stock were lent by the follow-
ing: Percheron stallion and mare,
C. Dury, of Cowley; Clyde stallion
and mare, I. A. Switzer, of Lacombe;
Shorthorn bull and heifer,
Bryce Wright, of De Winton; Ayr-
shire cow, Roland Ness, of De Winton;
Holstein bull, T. Laycock, of Cal-
gary; Oxford Down sheep, Bryce
Wright; dual purpose Shorthorn by
Demonstration Farm, Sedgewick.
C. A. Lewis, who is in charge of
the train, pointed out the advan-
tages of mixed farming, and the advan-
tages of feeding the grain to cattle
instead of shipping it. He believed
that was catering to the home mar-
kets and paid better than trying to
find outside markets. He also pointed
out the main objects of the train was
to demonstrate to the people the finan-
cial side of the question, and its ad-
vantages. If properly carried out, the
train would be of great benefit to the
people and not unwelcome.

The train left at 12:40 for Bowden,
returning to Red Deer at night, and
pulled out on Tuesday morning for
Coronation.
Before leaving town C. A. Lewis
visited the Exhibition grounds and
spoke highly of them, but expressed
the opinion that we should increase
the main building largely, making
use of one side for horticulture, also
that we should build additional

MICHENER, CARSCALLEN & Co.

RED DEER, ALBERTA

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at an agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months' residence up on and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Six months' residence up on the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent and cultivate five acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Six months' residence in each of three years, cultivate five acres and erect a house worth \$300.00.

W. W. CORY, Deputy of the Minister of the Interior. S. B.—Unauthorized publication of this advertisement will not be paid for.

Beware of Blood Poison

Zam-Buk is a Sure Cure
Mr. Jas. Davey, 786 Ellice Avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk."

"I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly alarmed; as my whole hand and arm to the elbow became suddenly inflamed, and the finger was much discolored, showing signs of blood poisoning. The pain was dreadful and I was forced to leave off my work and go home.
The wound on the knuckle had been poisoned by dust and dirt getting into it. I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the healing balm. It soothed the pain almost instantly, and by next day there was a great improvement. In a week's time, through perseverance with this wonderful preparation, a complete cure was brought about."

Zam-Buk is just as good for eczema, ulcers, anal sores, abscesses, piles, ringworm, boils, varicose ulcers, running sores, cold sores, chapped hands, etc. It draws all poisonous foulness from a wound or sore and then heals. Use it, too, for cuts, burns, bruises and all skin injuries. Zam-Buk Soap should be used in conjunction to the balm for washing wounds and sore places. Excellent, too, for baby's bath.
All druggists and grocers sell Zam-Buk at 5¢. box and Zam-Buk Soap at 25¢. Post free upon receipt of price from Zam-Buk Co., Toronto.

WOODROW WILSON ELECTED PRESIDENT

Returns From United States Elections Gives Wilson an Overwhelming Majority Over Taft and Roosevelt

New York, Nov. 6.—Without affecting in the slightest the certainty that Wilson and Marshall yesterday captured an overwhelming majority of the electoral vote, conservative estimates at 1 p.m. today compelled a transfer to the doubtful column of some of the states where the results had been recorded as certain. Among these States were Iowa, with 10 votes, and Minnesota. Thirteen conservative votes even included Illinois, with 20 votes, and Pennsylvania, with 28. At that hour Wyoming's three votes and South Dakota's five had not been placed.

Heavy reductions in the early reports of a large plurality for Roosevelt in Kansas upset all calculations, so that at this hour Roosevelt's lead has narrowed down to 625 votes on returns from about one-fourth of the precincts.

In Illinois, the heavy Wilson vote outside of Cook county has reduced Roosevelt's lead to about 15,000, against the estimated 100,000 or more given him last night upon the Chicago returns.

The Roosevelt supporters declared at 1 p.m. there was no reason to put Pennsylvania in the doubtful list, even though they admitted that early reports of the Colonel's plurality probably has been exaggerated. TAFT CONGRATULATES WILSON ON VICTORY.

Cincinnati, O., Nov. 5.—President Taft tonight sent this message to his successor in the presidency: "Cordially congratulate you on your election. Extend best wishes for your successful administration."

Col. Roosevelt sent a similar message earlier in the evening. NEW ENGLAND STATES SOLIDLY DEMOCRATIC.

New York, Nov. 5.—At 12:45 (Wednesday) the Providence Journal recorded that state to Wilson, and with the close vote in New Hampshire seemed probable that New England, taken with the exception of Vermont, has gone over to the Democratic column.

Washington, Nov. 6.—The Democrats will unquestionably receive over 400 votes in the electoral college, over a hundred more than necessary to elect Wilson and Marshall. It is a tremendous sweep for the cause of free trade.

AS TO THE SENATE.
Washington, Nov. 6.—With an overwhelming Democratic majority the House of Representatives returns today indicate a probability of the success of a sufficient number of Democratic senatorial candidates to give the Democratic control of both branches of congress. There, however, still is sufficient uncertainty regarding the senate to make the situation indefinite.

The undecided character of the outlook concerning the senate is due to the fact that the order to deliver the outline of the prospect it is necessary to have returns on the legislatures from the various states which, owing to the fact that the members of legislatures are counted among minor offices, generally are among the last to be received.
In the present light, 44 of the 96 members of the senate may be assigned definitely to the Democrats. These are the 30 holdover Democrats, the five already elected from Alabama, Kentucky, Louisiana, Mississippi, and Virginia, and the nine to be chosen from Arkansas, Delaware, Georgia, New Hampshire, New Jersey, Oklahoma, South Carolina, Tennessee and Texas, in all of which state Democratic legislatures are sufficiently strong to elect Democrats.

In order to insure a 49 votes necessary to control the senate, a further gain of five senators, all of which must come from States now represented in the senate by Republicans, unless West Virginia be counted in the list. The chances are believed to be strongly favorable to the Democrats in Colorado (in which state two senators are to be chosen) and in Montana and more or less so in Kansas, Nebraska, Nevada and Oregon.

Of these seven places still in doubt any five will give the 49 votes necessary to a majority. Should the entire seven prove to be Democrats, the Democrats would have a considerable margin in the upper house of congress.

WILSON STILL LEADS.
IN MINNESOTA.
St. Paul, Minn., Nov. 6.—With the count of ballots in yesterday's presidential and state elections, Minnesota still far from complete, Woodrow Wilson is still leading Col. Roosevelt in the state by a plurality of 4,676 and President Taft is 7,252 votes behind the former president.

The returns at 10 o'clock gave Wilson 39,422; Roosevelt 34,746; Taft 29,512.
The entire state Republican ticket has been elected.

SURPRISE OF THE DAY.
The transfer of West Virginia from the Democrats to Republicans in conjunction to the day of the day.

TAFT CARRIES IDAHO.
Boise, Idaho, Nov. 6.—Returns this morning show that President Taft carried the state by 8,000 and that the Republican state and congressional tickets were elected by substantial majorities. The Republicans also gained control of the legislature which insures the election of two Republican United States senators.

FIRST DISPLAY OF CHRISTMAS TOYS

This coming Friday will see our South Window entirely filled with Toys, to be followed Saturday with a full display in our North Window. Thus our entire store front will be devoted to Santa Claus.

While this is our opening display of toys it will not be by any means representative as a second big shipment including trains and animals is soon to arrive

Bring the Children to See Them!

Allies Want Partition of European Turkey

Their Intention to Divide Albania Between Serbia and Greece

London, Nov. 7.—The past twenty-four hours have brought little news of importance from the seat of war. The report that Saloniki has been evacuated is premature, and a similar report concerning Monastir is still unconfirmed. There has been no authentic news of the alleged defeat of the Turks before Thessalonika, the outpost of Constantinople. On the contrary, a Constantinople dispatch sets forth the Turkish claim that there are no Bulgarians before Thessalonika, and that both armies are resting. The Turkish reports regarding the progress of the war, however, have been so consistently misleading as to have little value.

MAY BE THE ACTION.

The present fall in the news may mean that some important action is progressing. In the meantime diplomatic efforts to end the war are making no progress, and the European press is busy discussing all the aspects of the settlement of the difficulties.

Serbia claims as her share of the territory a large part of Albania, including the Adriatic ports of Durazzo, Alessio and San Giovanni d'Ulissio.

According to the Serbian premier's statement to the Paris Temps, the allies desire the partition of European Turkey, leaving the fate of Constantinople to the decision of the powers. According to the report, the intention of the allies is to divide Albania between Serbia and Greece, but an agreement already exists between Austria and Italy, which would be supported by Germany, guaranteeing its integrity and independence of Albania, and the triple alliance is determined to prevent Serbia at all costs from reaching the Adriatic.

MAY MAKE ALBANIA

INDEPENDENT. It is even asserted that the triple alliance has agreed to make Albania independent, with the Duke of Abruzzi king.

Another important meeting occurred at Constantinople yesterday, between the Russian premier and the Russian and Austrian ministers.

It is rumored that tomorrow the powers will commence the discussion of Turkey's request for mediation.

Abdullah Pasha, lately commanding the Eastern army, has arrived at Constantinople. The Veli of Adrianople has sent a dispatch brief by outlining recent operations. The first series occurred yesterday, with severe losses to the Bulgarians.

COUNTRY IN GRIP OF WINTER.

Belgrade, Nov. 7.—Fighting is reported north of Monastir. A heavy snow is falling throughout Serbia and Macedonia and the roads are almost impassable for guns.

Another Cettine dispatch says that the whole country is in the grip of winter, that the snow there is two feet deep and that the roads are impassable.

Wetaskiwinites Give Dinner to G. B. Campbell

Wetaskiwin, Alta., Nov. 5.—About 150 of George B. Campbell's political adherents tendered him a sumptuous banquet on Saturday evening at the Conservative club rooms. It was rather an informal affair, but about 10 o'clock the gathering sat down to a luncheon which was presided over by Dr. Walker, president of the Conservative association, and with Mr. F. B. Watson as toastmaster. A lengthy list of toasts were drunk, and were responded to in a cheerful and able manner. All voted George B. Campbell to be a jolly good fellow and a man who deserves the gratitude of the people of this district for what he has accomplished and what he is endeavoring to do in the interests of the citizens.

Beat Horse With Gun Man Instantly Killed

An Extraordinary Accident Which Costs Life of Stettler Farmer

Edmonton, Nov. 7.—One of the most extraordinary accidents in the mortality records of Alberta was reported to Commander Dr. Frankum, of Stettler, yesterday, when the 12-year-old son of Gerhard Fink, a young farmer living near Stettler, brought the body of his father home after an interrupted hunting trip, stating that the father had been killed accidentally by his own hand.

Father and son had started out with a horse and buggy on a hunting trip. They had gone only a short distance when Mr. Fink tried to make his horse travel faster. Fearing to coax the animal into a trot, the father pressed on a loaded shotgun, which was lying in the bottom of the rig, and struck the horse sharply over the back with the stock of the weapon, breaking the butt end below the trigger guard. By some unknown agency the trigger caught, and the right barrel of the gun exploded, the charge entering Fink's left breast, killing him instantly.

The son placed his father's body in the bottom of the buggy, returned to Stettler and notified the coroner, who decided that an inquest was unnecessary. The deceased was well known in Stettler, where he lived for several years.

Grand Trunk System Late News Items

The appointment is reported of Mr. Robert Muirhead as general yardmaster of the Grand Trunk at Toronto, succeeding Mr. Geo. Stokely at present Acting Terminal Superintendent. Mr. Muirhead was previously Assistant Terminal Superintendent.

In a recent address before the British Columbia Conservative Association, held at Revelstoke, Sir Richard McBride, the provincial Premier, made the announcement that the Government had surveyed 1,000,000 acres along the line of the Grand Trunk Pacific in British Columbia or the sole use of pre-emptors and that by the end of 1913 it would be in a position to offer to settlers 30,000 bona fide settlers on pre-emptors.

The latest addition to the new coal producing areas of Western Canada is the Security Coal Mine Co., Ltd., whose property is situated of 40 miles west of Edmonton and the headquarters of mining in the Grand Trunk Pacific station at Wabamun, as it is anticipated that steel will be laid and shipment begun during the next 30 days. The mine which has been under development for three years consists of three seams outcropping on a terrace from the coal country, and is owned and operated by gravitation. It is being worked by means of 15 to 20 feet in thickness. The entire output of the mine is estimated by experts at 32,000,000 tons. The coal is of the semi-bituminous variety and has been shown by analysis to be of the highest quality. The mine is owned by the Provincial Government and by actual test to be of first class quality, suitable for steam purposes and for domestic use. It will be mined by coal cutting, machinery operated by compressed air, and it is anticipated that an output commencing at 100 tons and increasing to 2,000 tons per day will be easily obtained.

Visa President in charge of freight and passenger traffic, Mr. J. E. Huley, is in receipt of advice from Mr. C. E. Dewey, general freight agent, that the Board of Railway Commissioners is issuing an order authorizing the handling of commercial traffic on the Oshana-Battleford branch of the Grand Trunk Pacific Railway up to mile 15, thus extending freight service into the town of Battleford itself. Tariffs covering rates to and from points on this extended territory are being prepared and will be announced at an early date.

Provincial Dept. for Neglected Children

The Department of Neglected Children has recently added to its staff, Miss Mary Yeomans, as a woman Probation Officer for the Province of Alberta.

Miss Yeomans comes to her work particularly well qualified, she having had some twenty years' experience in children's work before coming to Alberta.

Miss Yeomans' particular work will be that of securing the co-operation of the women of the province in the problem of the prevention of crime among girls. She is prepared to speak at Women's Organizations or Clubs at any time that arrangements are made to have her appear before such organizations. The object of her work is entirely that of prevention.

She comes to Alberta with a long experience, and is regarded as one of the most expert women on the continent in her particular line.

Miss Yeomans' appointment fills a long felt need in the province, and women in centres of population, who are willing to recognize the need and the work, which they can accomplish in the way of prevention of crime through the medium of a little self-education, may expect to see some results in the future, that will be impossible to estimate in dollars and cents.

Women's organizations, churches or other desirous of arranging to have Miss Yeomans speak, should communicate with the office of the Superintendent of Neglected Children.

Sylvan Lake

Sylvan Lake town, soon to be a big, bustling city with a capital B, is still here, and has come to stay with us. Other places are saying that they want to be a city, but a doctor. Now if you want to see nice, healthy people, Sylvan Lake is the place to come and, speaking about health, they can afford to be a doctor. Now if you want to see nice, healthy people, Sylvan Lake is the place to come and, speaking about health, they can afford to be a doctor. New Publicity Agent Board of Trade Council Discuss Question

At a meeting of the Council of the Board of Trade at the new Board rooms on Wednesday afternoon there were present Messrs. Greave, President, in the chair, Chadsey, secretary, Mr. H. G. Gault, Malin, Hetherill, R. L. Gaetz, Miller, Galbraith, Mr. Cunningham, President of the Lethbridge Board of Trade, was invited to sit with the Council.

The chief business was the consideration of applications for the vacant secretaryship of the Board. It was finally decided that one of the candidates most favorably considered be invited to meet with the Council, to confer with a view to engagement. Mr. C. A. Julian-Sharman again thanked the Board in writing for the honor done him in the recent banquet. Mr. W. P. Hall, K. C., also acknowledged courtesies for his party.

Accounts in connection with the banquet and with the general work of the Board were considered and passed. It was generally agreed that the banquet was the best publicity stunt ever pulled off for Red Deer district. The C.P.R. had issued a special number of their Week-by-Week to do the banquet honor, the Toronto Daily and Weekly Globe had given a one and a half column write-up, while Mr. Julian-Sharman had been dealing with inquiries from Canada and the States.

The Council decided, at Mr. Lord's suggestion, that the new Secretary be the Secretary also of the Red Deer Agricultural Society, as the routine work of the latter could be well handled by the Board of Trade staff, and extra help could be engaged for the two weeks at fair time.

RUGBY.

The Calgary Tigers met the Winnipeg Rowing Club in the rugby championship on November 2nd, and after a splendid game Winnipeg won by 4 points to 3. Wark for Calgary played a very fine game, and in the closing minute of play he missed a goal by inches only, which made the difference in winning and losing the game. In commenting on the game, one of the Calgary players wrote up a little incident that happened during play, as follows:—Rodgers made a touch-down, which the officials allowed, but Capt. Muir of the Rowing Club refused to take it on the grounds that had Lyon not got hurt in the tackle he would have held the ball. Now that, of course, is a good sportsman's point of view, but it is something that does not appeal to one because it opens up too many possibilities in a game. Accidents are likely to happen at any stage of the game, and if something is to be used in that way, it is very likely to be taken advantage of by unsportsmanlike players. We are afraid that had that accident happened in the closing stage of the game, Capt. Muir would not have been so ready to waive right in the way he did, because it might have made all the difference in winning and losing the game. The rule should be carried out in any event, and when an official has given a ruling, he should see it carried out. We like the sportsmanship shown, but it is a dangerous precedent all the same.

What's the matter with Red Deer that she cannot have a rugby team? We know for a fact that there are lots of rugby players in town, but we seem to lack someone who will take the initiative in this matter. See what the Calgary papers said about Percy Smith—we may have others like him here. He played a star game for his club, and he made one kick that set all the sport editors talking. We are thankful we were not the recipient of that particular kick.

Our soccer games finished in Red Deer in June, with the exception of a couple of games, and since then we have had no outdoor sports of any kind except baseball. There is too much time between the finish of the season and the opening of the next one. We have as a rule, just the weather after the finish of the baseball season for rugby football. It need not be played on a hot afternoon but a cool evening, and we hope that some in town will come forward and organize a team in time to operate in next season's games.

SOCCER.

Talking of soccer, we would suggest that the officials of the league in town get together and wind up the business of the season by leaving it until spring. We believe that football can be put on a better footing in this town, and if it is done, we believe that the public will rally round the game. Show them that we can compete with outside teams and they will support us.

Aston Villa continue to head the 1st Division League in the Old Country.

Leeds City and Hull City are first and second in the second division of the League.

Swindon and Crystal Palace tie for first place in the Southern League.

Heart of Midlothian and Glasgow Rangers are first and second in the Scottish League.

CURLING.

Wetaskiwin are on the war path. The local curling season, which was considered the most enthusiastic ever held, and they organized 20 rinks. They decided not to join the Royal Canadian Association at the present time, as apparently no advantage was to be gained by doing so. It appears that for the past two years, Wetaskiwin rink has won the medals, but they have not as yet received them.

The Red Deer Curling Committee are very busy these days, but they have not as yet been able to fix that banquet. In the meantime the curling fraternity are getting very hungry, and their blood is chilled for the want of exercise. We understand the hotels do not wish to undertake the banquet for lack of accommodation, but there is just a chance that they may be jealous of the way the Greeks put up that banquet to C. A. J. Sharnan, Oh you Greeks.

HOCKEY.

We don't hear of anything doing in town regarding hockey. Get busy.

RUNNING.

How about that Willie Kolsh mainen, of Finland, running in the open foot race at Valhalla, New York, N.J., on Oct. 20th, set a new world's record for the Marathon by covering the distance, 26 miles and 385 yards, in 2 hours, 29 minutes, 30 1/5 seconds.

STRONG PLEA IN FAVOR OF PHONETIC SPELLING.

A strong plea in favor of phonetic spelling was made at the meeting of the British Association for the Advancement of Science at Dundee recently by Sir James Donaldson, L.L.D., vice-chancellor and principal of the University of St. Andrews, and principal of the United College, St. Salvator and St. Leonard's. Sir James told the association that spelling was a thing of no consequence, and everybody ought to be allowed to spell as he likes, just as Shakespeare and our ancestors did.

C. W. PARKE, RED DEER, ALTA.

LETTERS TO THE EDITOR

LET THE SABBATH BE RESPECTED

Editor of The News.

Dear Sir,—We humbly request a small space in your valuable journal to draw the attention of the people generally to the vast importance of watchfulness and eternal vigilance in keeping the moral health of the commonwealth as unimpaired as possible. We are introducing up a new country by assimilating all nationalities into the body of it, and a great nation is in the process of formation; therefore, the foundations should be established of the flock, and when the storm of internal strife and elements of destruction beat against the nation they cannot shake it. It is incumbent on every good citizen to respect the laws of the country, not only in keeping them himself but to inform and warn any who break the law of the penalty attached to such infraction. You need not go over twenty miles from your town and as you go to or from the church during the game season you are occasionally startled with gun reports from all points of the compass. These are not the only sinners, there are others perambulating the prairies for purposes not uplifting to humanity. What we want to impress is the fact that these people are defying the laws of the land and doing it boldly. If we remember correctly, the law is very explicit on this point: there is no exception made except on account of the works of necessity and mercy. The day we allow the Sabbath laws to be openly violated we are drifting downwards, morally and spiritually as a people, and are encouraging more or less the breaking of all laws. The Lord's Day Alliance has done a great work in assisting legislation and in applying the good work throughout the Dominion; but still the greater work remains to be done by every patriotic citizen using his influence in applying these laws. History has repeatedly proved the words of Solomon to be true as expressed in Proverbs: "Righteousness exalteth a nation, but sin is a reproach to any people."

Yours truly,
J. E. McLEAN.

Found Dead in Bed

John Hourke, of Dundee, Scotland, was found dead in bed at the Windsor Hotel, on Monday last at 10 a.m. The deceased, who had served several years in the Northumberland Fusiliers, and had gone through the Boer war, only came to this district in May last. He had recently been working on a threshing outfit for F. Van Slyke. On Monday morning Watson Best, a railway man with whom the deceased had been chumming, and who left him alright on Sunday night, asked the clerk of the hotel if he was up, and got the answer No. At 12.30 he again asked the clerk and the two went to deceased's bedroom, and found the door fastened on the inside. J. Oliver then climbed over the roof and, putting his arm through the bedroom window, touched the deceased, and came to the conclusion that he was dead. R. N. W. M. P. Oliver Corer was notified and he at once got through the window and opened the door.

William Hourke, a brother, who had also gone through the Boer war in the Scots Greys, identified him, and said that deceased had a weak heart and suffered from rheumatic fever, and was a life pensioner, but he knew of no reason why he should have taken the carbolic acid.

Only \$3 odd was found on the deceased although he was supposed to have \$40 or more and a watch. Deceased bought the acid himself on Saturday night and was identified by the druggist.

Coroner Dr. George held an inquest at Stone's undertaking parlors, yesterday afternoon, and the following verdict was brought in: That the said John Hourke came to his death between the hours of 10 p.m., Sunday, November 10, and 1 p.m., Monday, November 11, in room 6 at the Windsor Hotel, Red Deer, from carbolic acid poisoning self-administered. There is no evidence as to the state of his mind at the time.

CITIZENS' SMOKER.
The annual meeting of the Red Deer Curling Club will be held in the Town Hall, Friday evening next, 15th inst. The meeting will take the form of a smoker. There will be a good programme, speeches, presentation of trophies, and there will also be refreshments, fruits, candies and other delicacies for the smokers' president. President T. A. Gaetz expects to take the chair at 8.30.

WHY NOT BOOKS FOR XMAS?
Over forty new designs in Wilton, Axminster, Velvet, Brussels and Tapestry Squares at E. G. Johns & Co.

LOCAL AND GENERAL

Mrs. (Dr.) Collision will receive on Thursday and not again this season. There will be a special Arch meeting of the Orange Lodge on Tuesday next, November 13.

Mr. McCutcheon, of New Brunswick, has been the guest of Mr. and Mrs. Tallman the past few days.

Lionel Page and his mother, Mrs. Page, returned from England last week. They were glad to get back to Alberta.

Mr. J. R. Davidson was in town on Friday and Saturday on his way to Vancouver, where he will make his home in the future.

The leaders in the basketball League clashed on Monday night, and an exciting contest resulted in a win for the Y.M.C.A. 1st team by 48 to 25.

Leonard C. Newsum, late proprietor of the Bowden News, has closed out his newspaper business in Bowden and taken a position on the staff of the Red Deer News.

The members of St. Luke's Church W.A. will hold a ten cent tea and sale of home made cooking at the home of Mrs. Cassels on Thursday evening, November 14th. All well come.

Mrs. R. B. Welliver passed through a serious operation for appendicitis at the Memorial Hospital on Saturday last. We are pleased to announce that she is doing well and is on the road to speedy recovery.

Mr. R. W. Allen, of Toronto, will give an address in St. Luke's Church on Friday evening, November 22nd, at 8 p.m. Mr. Allen is the Field Secretary of the Church of England in Canada. This is a great opportunity to hear about the work and aims of the M. S. C. C.

The members of the Baptist Ladies' Aid will hold their annual sale of work and ten cent tea in the event of the church on Thursday afternoon and evening, Nov. 21st, when many useful and fancy articles will be offered for sale, also home made cooking and candy.

The administrators of the estate of the late John G. Fallow have instructed A. Rogers, auctioneer, to sell by public auction his five stock and farm implements at his late residence, North Red Deer, on Tuesday afternoon, November 20th. W. McKinnon will also hold a sale.

W. G. Deitz, who has had control of a freight engine out of Red Deer, has been promoted to Calgary, where he will take charge of one of the freight engines of the C.P.R. Messrs. Craig and Burman, who have been firing out of Red Deer, have also been promoted to the main line out of Calgary.

Ed. Michener, Esq., M.P.P., and wife and family left last night for a couple of months' visit to California. Mr. Michener has not had the best of health lately, and it is sincerely hoped that the change of climate and rest from political and business matters will restore him to his usual health again. Quite a large number of friends saw him off and gave him a hearty cheer as the train pulled out.

The drawing of prizes in aid of the R. C. Church took place on Wednesday, 6th of November, a few songs and instrumental pieces being contributed by local talent. Rev. Father Nolin and the ladies of the Altar Society beg to thank all those who helped to make this drawing a success by buying tickets or donating prizes. The first prize, a return trip to Banff, was won by Mrs. Dunn of Red Deer. Other prizes not yet distributed can be got by applying to Rev. Father Nolin.

Rev. Arthur Barner, who has had charge of the Indian Industrial School at Red Deer for several years, and who has been appointed Superintendent of Missions for Northern Alberta, by the Methodist Church, will make his headquarters at Edmonton, and will have the territory from the Red Deer river northward to the Peace River. Heretofore Rev. T. C. Buchanan has been superintendent of the entire province. Mr. Barner's removal from the Institute will be deeply regretted, but many friends will wish him every success in his new field.

The ladies from the Better Farming Special visited the Ladies' College on Monday morning and were greatly surprised to find such a building, and were loud in their praises, both of the building and of its wonderful situation. Miss Stinson is in the employ of the Alberta Government Department of Agriculture, and is trying to enlist the cooperation of the women in establishing Women's Institutes, the motto of which is "For Home and Country." The College seeks to have the training of young women in good homemaking so that the work is along the same lines. The problem is the same, and each can help the other.

In a letter received at the Board of Trade office this week from Norman S. Rankin, Chief Publicity Commissioner of the C. P., the following is quoted: "Mr. H. A. Kennedy of this branch attended your dinner and supplied four of the leading English newspapers with articles on this subject, and we have since turned out in this office for American publication further articles and a special one by the writer to the Toronto Courier." I take this opportunity of congratulating Red Deer on the splendid publicity secured through your banquet, and know of no other case in the west where such publicity was secured excepting at the banquet given there last year to the winner of the Shagbush \$1000 prize for the best wheat on the continent exhibited at the New York Land Show.

The Premier of Spain was assassinated Monday.

Arthur Maling arrived from Essex, Eng., on Saturday last, and will locate here.

The British Government was defeated on a vote Monday while discussing the Home Rule bill.

The Parish Hall is ready for the roof. It is hoped Contractor Miller will rush the work along now, as the building is badly needed.

Beatrice, the daughter of Chris. White, Clearview, is credited with very brave act last week. Ernest Meeres, son of Thos. Meeres, fell through the ice, and Clare Speirs attempted to pull him out, but was pulled in instead. Beatrice White bravely jumped into the water and lifted the Meeres lad out, and then assisted the other boy to crawl out. She was, however, unable to get out herself and would soon have drowned had not another lad held her hand and prevented her from sinking. A little McKinnon had procured a rail and laid it across the hole and allowed the little girl to escape in an exhausted condition. The children all belong to Clearview school and were skating on a nearby slough. This brave act of Beatrice White should receive a medal.

ACCIDENT AT SYLVAN LAKE.
Jas. E. Flanagan, a Finn, of Pelly, had the misfortune to break his leg and got badly bruised all over the body while at work on a hydro-electric outfit west of Sylvan Lake. The accident was apparently caused by the tightening up of the cable.

MARVELOUS LIQUID AIR.
Air, when liquified, looks and flows like water, but it is absolutely dry, and is 312 degrees below zero. It is in the form of a clear, colorless liquid, makes iron and rubber brittle, and mercury as hard as steel. These and many other startling experiments will be shown on the night of December 4th, at which time Wm. B. Patten will also demonstrate Radium and Wireless Telegraphy.

BANK OF MONTREAL.
It is expected that the Bank of Montreal will have their branch office on Gaetz Ave. opened up for business by Monday, Nov. 18th. Baird & McKenzie, who have the work of fitting up the premises, are very nearly through. The fixtures are all in place, and the officials appointed, among whom is H. B. George, son of Dr. George of Red Deer.

ZARA CLINTON—LONDON'S FAVORITE.
Miss Zara Clinton, leading comedienne of F. Stuart-Whyte's old variety troupe, "The Revue d'Art," who are to appear at the Lyric Theatre, on Monday, November 18, although a very young lady, enjoys the enviable reputation of being London's favorite comedienne.

Judging from a clipping from the Calgary Daily Herald of Oct. 29th, we will undoubtedly repeat the country success on the Canadian tour of the company. The Herald said: "Miss Zara Clinton's 'Tutu' was a very captivating piece of work. It was full of the essential charm that a piquant song like that demands. The peculiarities of the various costumes were prettily hit off, and the picture was strengthened with appropriate gesture." Plan at Gaetz-Cornett Drug & Book Store.

Mixed Farming Special
(Continued from Page 1)
horses and cattle barns.

WOMEN'S MEETING.
Those who visited the farming special on Monday morning missed the best of the morning if they did not hear Miss Stinson in her address to the women. Most of the women had expected to hear and see some things on the subject of household science, but Miss Stinson explained to the women that the government had in view not so much the subject of household science as the establishment of Women's Institutes in the Province of Alberta. These institutes have for their purpose the improvement of the home and the advancement of the country by raising the standard in the home.

They are clubs of women, composed of all women who are interested in the matter, and are non-denominational. Thus the Institute is meant to reach all the people. The work is new in Alberta, but is by no means in the experimental stage. It has been tried and has proved a success in the other provinces. The government is standing behind the movement, and will grant to each institute \$5.00 per year as against a grant of \$2.00 given by the province of Ontario to its branch institutes.

Each branch is given the privilege of saying just what line of work it desired to carry on, so that the Institute is well able to meet the needs of any community, and it rests with the women to say whether they wish to organize or not.

Miss Stinson called upon Mrs. Muldrew to speak to the women as to the desirability of the Institute, as she was familiar with the work in the other provinces and had done a good deal of organizing in the Provinces of Ontario and Quebec. Mrs. Muldrew, who has had but recently come to Red Deer to take up the work in the new Ladies' College, said a few words as to line of work that has been attempted elsewhere, and the value of this organization. She said that she was too new to this com-

munity to say whether it were needed or not, but that if the work were not covered by a club whose aim would be home and civic improvement, then it could very well find a place in the life of the community.

A vote was taken on the desirability of organization, and it was decided in the affirmative, when the following list of officers was chosen: President, Mrs. (Judge) Lees; First Vice-President, Mrs. Muldrew; Second Vice-President, Mrs. J. J. Gaetz; Third Vice-President, Mrs. Woods; Committee, Mrs. W. E. Lord, Mrs. H. H. Gaetz, Mrs. C. E. Hall, Mrs. N. D. Keith, Mrs. T. B. Miller, Mrs. Greene, Mrs. J. Bower, Mrs. Trimble, Mrs. Heworth, Mrs. W. E. Payne, Mrs. J. D. Bennett, Mrs. W. A. Moore. A few of the ladies on the committee were not present, but it was hoped that they would allow their names to stand for the present. The first meeting is to be held in the home of the President, Mrs. Lees, on the afternoon of the last Saturday in November, at three o'clock.

BUSINESS LOCALS
